THE CAPTAIN AND HIS BOAT

Randy Birch is a twe "Teaguer" - he was born and raised on Chincoteague Island and has made his living on and around the island his entire life.

He is a waterman by trade, harvesting hard and soft shell crabs, minnows and horeschoe crabs during the summer, and guiding waterfowl hunts in the winter.

He knows the waters intimately and lends a unique authenticity to the tour experience.

Captain Randy's comfortable 24' Carolina Skiff is Coast Guard approved to carry up to 6 passengers. Tours on and around the waters of Virginia's Chincoteague and Assateague Islands depart from a private dock on Chincoteague's east side.
